REFERENCED EVENTS OR PERSONS

This web site and any related information under control of it's owner is meant for illustrative purposes only. Information about the author (other than guest authors) and any referenced people, places, or events have been changed or withheld to protect the privacy of all concerned.

While many people tell their stories using their real names, we have gone the extra mile to try and preserve anonymity where possible. That said, it is not possible to 100% shield any possibility of someone, through diligent research, or otherwise lawful or unlawful means to figure certain things out. However, short of not telling this story at all which is unacceptable given how long these types of stories have been going on, fueled by their existence until recently in the shadows and private horrible nightmare lives of those targeted, this is a diligent effort to keep the story separate from the people.

Any and all comments about anyone are solely the author's opinion; they are not meant to be held out in any way to be regarded as indisputable fact.
