

Here are some videos I found online featuring Dorcy Pruter. One of the things I really (really) like about her message in addition to her recognizing the need to come at this from a different angle is that she reminds targeted parents that there things they CAN do. Approaching the situation from a passive or victim standpoint only makes the situation worse.

### **Webinar Series with Dr. Craig Childress**

This is a video series of Dorcy Pruter interviewing Dr....
